SUMMARY

Experienced Software Developer with 2 years of experience specializing in building dynamic, responsive web applications using C#, ASP.NET Core, ASP.NET MVC, ASP.NET Web Forms, and ReactJS. Proven track record in developing RESTful Web APIs, optimizing SQL Server databases, and implementing scalable micro-architecture workflows. Adept at leveraging Entity Framework, LINQ, Dependency Injection, and modern frontend frameworks to deliver robust full-stack solutions.

TECHNICAL SKILLS

Backend: C#, ASP.NET Core Web API, ASP.NET MVC, ASP.NET Web Forms, .NET Core, ADO.NET, Entity Framework (EF), LINQ, Dependency Injection, Async/Await, WCF, ExpressJS, NodeJS, Java
Frontend: ReactJS, JavaScript, TypeScript, Tailwind CSS, Bootstrap, AJAX, WPF, Windows Application
Databases: SQL Server, MongoDB, MySQL
Tools & Platforms: Git, GitHub, Visual Studio (2013-2022), SQL Server Management Studio (SSMS), Swagger, Postman, VS Code, XAMPP
CI/CD: Azure DevOps, GitHub Actions, SonarQube
Languages: English, Marathi, Hindi

WORK EXPERIENCE

Tracelogix Pvt. Ltd. — Jul 2025 – Aug 2026

Software Developer

- Developed full-stack hospital management modules using ASP.NET Core, C#, and ReactJS, delivering responsive component-driven UIs for complex healthcare workflows.
- Designed and optimized SQL Server stored procedures and LINQ queries, improving execution performance and reducing data latency.
- Built asynchronous RESTful APIs using ASP.NET Web API with Dependency Injection to enable seamless integration with Aras PLM systems.
- Implemented robust client/server validation pipelines using Data Annotations and custom business rules.

Cellica Software Pvt. Ltd. — Oct 2024 – Jul 2025

Software Developer

- Engineered enterprise web applications and RESTful APIs using ASP.NET MVC, Web Forms, and C# to streamline data processing and user workflows.
- Built and integrated WCF web services and Windows desktop services to process core business logic and transaction data.
- Optimized application performance and user interfaces across multi-tier client-server environments.

Techflux Solutions — Jul 2024 – Sep 2024

React Developer Intern

- Developed RESTful APIs using Express.js integrated with MySQL databases running on XAMPP environments.
- Designed dynamic ReactJS user interfaces styled with Bootstrap and Tailwind CSS, maintaining full cross-device responsiveness.
- Integrated front-end components with back-end APIs using Axios for stateful, real-time asynchronous updates.
- Architected Node.js and Express.js backend services with custom middleware for efficient routing, error handling, and ReactJS integration.

PROJECTS

Diagnotrace (Tracelogix Pvt. Ltd.)

Technologies: ASP.NET Core Web API, ASP.NET MVC, C#, ReactJS, SQL Server, ADO.NET, Tesseract OCR

- Developed healthcare management functionality covering doctors, patients, hospitals/centers, appointments, tests, and medical modalities.
- Developed RESTful APIs using ASP.NET Core Web API and integrated them with ReactJS application modules.
- Implemented role-based administration, user management, role assignment, and dynamic menu access based on permissions.
- Implemented OCR-based healthcare data extraction using Tesseract, FellowOakDicom, and OpenCvSharp4.

Dealer Buddy (Cellica Software Pvt. Ltd.)

Technologies: ASP.NET Web Forms, ASP.NET MVC, ASP.NET Web API, C#, SQL Server, ADO.NET, WCF

- Developed and maintained dealer management functionality covering products, orders, bookings, accounts, and shopping cart.
- Developed REST APIs for order and cart operations and integrated them with application workflows.
- Implemented invoice and quotation generation in PDF and Excel formats.
- Worked on Windows-based application functionality and accounting integration with Tally.

Patil Biotech (Cellica Software Pvt. Ltd.)
Technologies: ASP.NET MVC, ASP.NET Web API, C#, SQL Server, ADO.NET

- Built dealer management and sales processing modules covering order lifecycles, stock transfers, and payment collections.
- Implemented interactive reporting dashboards for monitoring ledger statements, collection statistics, and operational expenses.

EDUCATION

Master of Computer Application (MCA) – IMCC College, Pune — **7.72 CGPA** • Oct 2022 – Jun 2024
Bachelor of Science (Computer Science) – K.T.H.M. College, Nashik — **8.34 CGPA** • Aug 2019 – Aug 2022

ACHIEVEMENTS & CERTIFICATIONS

- UGC NET Qualified Assistant Professor (Dec 2024)
- Secured position in Round 2 of Flipkart GRID National Hackathon
